They are the great removers of tension, the great peacemakers in social conflict, the great healers of wounds-suffered in the struggle of existence, levelers of social barriers, Builders of harmonious communities, awakeners of slumbering magnanimity long forgotten, revivers of joy long abandoned, promoters of human brotherhood against the forces of egotism.

## ABOUT THE FOUNDER OF HELPING HANDS INC. HUMANITARIAN ALL NATIONS DIPLOMATIC MISSION:

Honorable Kaushalya Siriwardana, Minister of Peace, a native of Sri Lanka, founded Helping Hands Inc. in 2003. Kaushalya has worked tirelessly to bring attention to the needs of impoverished children throughout the world. She had witness in many parts of the world firsthand, the disastrous conditions of poverty and the manner in which it can harm the lives of children who have experienced it. As a child she would freely share all she had with the disadvantaged children and the needy within her young grasp. That generous heart and genuine love for children is what continues to fuel her passion. Although she has been a citizen of the United States for over 40 years, The Minister of Peace has never forgotten what she had witnesses during her young years. She has made it her life’s mission to help children and

contribute to communities across the globe towards a brighter future. Twenty years ago, she set up on a world journey to achieve her dream mission. she carefully designed and engineered a plan based on the following humanitarian enhancements bringing self-sustainability in all levels through all green, mindful of the environment, earth, planet and the people, she knew that self-sustainability, education, respect for cultures, organic farming all that will definitely make a huge impact to add more for global and Peace

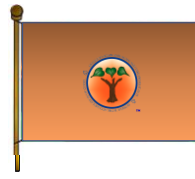

## MESSAGE FROM THE FOUNDER

Dear Friends and Fellow Humanitarians,

Based on national reports, it's estimated that no less than 150 million people, or about 2 percent of the world's population, including innocent children are homeless. However, about 1.6 billion, more than 20 percent of the world's population, may lack adequate housing, health care, water and basic life's necessities. Sadly, as the years have gone by, these statistics have only increased exponentially. Recognizing that each statistic represents a human being, Helping Hands Inc. was formed as a necessary response to this growing problem. We are a non-profit, non-political, non-religious 501(c)(3) organization working out of Garland, Texas, USA whose mission is to provide through our sustainability and self-sustaining programs, food, shelter, clothing, education, and medical care to homeless and destitute children around the globe and their families, regardless of culture or creed.

Helping Hands Inc. was formed to address the needs of children and communities empowering them to live lives filled with happiness and knowledge, while contributing to global peace and culture. Children are the world's most valuable treasure and the key to a brighter tomorrow. We graciously ask you to support our global mission of bettering the lives of our precious children and communities by sponsoring these important self-sustaining global chapters to fruition. The

monies raised will go directly to fund the HHIDM global self-sustaining Centers, the Global Educational Cultural Center in Texas and the sustainable programs it will offer to the local and surrounding communities. Your participation by providing funds or gifts in kind will continue to provide sustainable educational programs to children through our HHIDM Global Centers.

Please continue to support our humanitarian efforts to provide children that may otherwise be homeless, hungry or in need of medical assistance, or whose parents may need assistance during difficult times. You can play an active role with HHIDM to allow them to obtain a better way of life.

Most Sincerely, Honorable Kaushalya Siriwardana, Hon. Minister of Peace-HHIDM

- Is the lifeblood of our organization
- Does make a difference
- Provides a brighter future for the homeless, orphaned and disadvantaged children in our communities

Helping Hands Inc. Humanitarian All Nations Diplomatic Mission is dedicated to providing children of the world the opportunity to have food, shelter, clothing, health care and education. Many of the children we help are homeless and orphaned, living in the world's most destitute areas of countries. HHIDM will help these victims of poverty work toward a brighter future by developing their natural dignity and a strong sense of self-worth. Through compassion and education, we are committed to help future generations break the devastating cycle of poverty. If you help a child by solving their most urgent problems, such as shelter, food, health, clothes and education, through giving to HHIDM, you help more than just one child or one family; you can change many children's unfortunate conditions and create positive everlasting results.

Helping Hands Inc. Humanitarian All Nations Diplomatic Mission kindly requests you make an “investment with a heart” by investing your dollars to provide our global children in great need with a “dream come true” experience. As children do, they dream of a better life but, their dreams slowly fade as the daily reality of their unfortunate circumstances lie before them. The determination of our dream to help these children, its strength, and the accomplishments of HHIDM starts with its volunteers and the kind and generous people who donate. They bring together the professional expertise, harmony, kindness, compassion, experience, knowledge and finances to enable HHIDM to make sure your contributions are wisely spent. HHIDM magnifies and multiplies the impact of your contributions...making your caring count over and over. Helping Hands Inc.
